CORPORATE OVERVIEW

Commercial and **Federal** organizations are dealing with converging realities that compromise mission success—from fiscal constraints to the proliferation of raw data, digital access, and increased service demands.

Andrew Morgan Consulting (AMC) delivers insightful management consulting services enabled by best practices and technology solutions that automate processes and expose actionable intelligence. Our success comes only when you have experienced transformational change measured by cost avoidance and man hours per month. Our solutions effectively **inform** key people, **enable** better decisions, and **optimize** performance. Using our innovative methods, we deliver measurable improvements and insightful analytics.

LEVERAGING EXPERIENCE AND INNOVATION

Our focus comes down to this: we help organizations obtain the highest value from their human capital, as well as their organizational and technical investments, in order to **lower cost** and achieve **better resilience**. Whether we are improving your business processes or cloud enabling your data solutions, our experts work with you to address your crucial requirements to determine the most cost effective and efficient path to best practices.

CUSTOMER SUCCESS: NAVY AND JOINT STAFF

Andrew Morgan Consulting provides data architecture and data analysis support for Chairman of the Joint Chiefs of Staff entities. Our impacts, particularly in data and systems integration, are seen in dramatically reduced customer workloads at a cost well below competitors. Through our valued partners, AMC experts are making a difference in both the corporate-to-corporate and government contracting environments.

CUSTOMER SUCCESS: VETERANS AFFAIRS (VA)

Andrew Morgan Consulting provides business process automation, data architecture, business intelligence, and decision support engineering to streamline VA's executive decision-making capabilities. Leveraging custom-developed as well as COTS products, AMC SMEs drive change across all levels of the organization through enterprise-wide healthcare system delivery design, allowing VA to make evidenced-based decisions. Our ability to link complex disparate data sources into a cohesive story assists VA leadership in planning to meet Access, Cost, Quality, and Mission goals across all healthcare deliver scenarios.

CUSTOMER SUCCESS: U.S. ARMY CORPS OF ENGINEERS

Andrew Morgan Consulting provides IT Compliance and Accreditation Support Services to USACE to ensure all systems and processes meet Federal Information Security Management Act (FISMA) requirements. Our experts use the Department of Defense (DoD) Information Assurance Certification and Accreditation Process (DIACAP) to ensure our government clients maintain a 100% reaccreditation rate for their critical systems.

WE ARE ALL ABOUT RESULTS!

Our continual goal is to convert mission challenges into optimized solutions for measurable improvement. Demand a partner who can deliver deep domain and technical expertise that spans the entire functional and technological landscape. Count on Andrew Morgan Consulting to uncover your largest opportunities and achieve lasting improvements.
